

Helping Guarantee Your Family's Financial Security

with OneAmerica Care Solutions

ONEAMERICA®

OneAmerica® is the marketing name for the companies of OneAmerica

You've worked hard to support your family and to ensure their futures are bright. You helped them grow into strong, independent people — and you can help them stay that way.

Looking out for your family in the long term

For years, you've been imagining all the things you'll do in your retirement. Travel the world. Restore a classic car. Spend time with your kids and grandkids. Whatever you hope to do once you stop working, you've probably thought a lot about it.

Have you considered the fact that 70 percent¹ of people turning 65 today will eventually need some form of long-term care (LTC) in their lifetimes?

For many people, the possible need for future long-term care can be a difficult topic. But adding an asset-based, long-term care solution based on whole life insurance to your overall financial strategy can help protect yourself, your loved ones, your retirement and your legacy.

If you do need long-term care, you'll want to:

Control your care

Taking steps now to understand and prepare for your future can help you maintain control over your care options.

Maintain your independence

Specifying your preferences for future needs can ensure you get the kind of care you want, remain independent as long as possible and preserve your dignity.

Protect your family

Planning for care now allows your friends and family to care about you — instead of having to care for you.

Preserve your assets

Knowing that you've planned for the future, you can ensure that long-term care won't impact your ability to leave a lasting legacy to your family, favorite charity or place of worship.

Be proactive

Yuan was 10 years from retirement, but he knew that when the time came, he wanted to protect himself and his family in the event that he needed long-term care. By selecting the 10-pay option, he was able to fully fund his long-term care benefits by the day he retired — and protect his loved ones for years to come.

- **Think ahead:** Yuan was able to prepare for the uncertainty of his future.
- **Funding options:** His LTC needs were funded before he stopped working.

Our Care Solutions products have you and your family in mind

OneAmerica® Care Solutions provides financial protection when you need it and allows your family to focus on care, not cost.

Benefits beyond traditional LTC

This suite of whole life-based products can help you retain your independence, preserve your dignity and leave a legacy for your loved ones by offering:

- Tax-free LTC benefits,
- A death benefit, and
- The option to have your premium returned.

More than just nursing home care

Long term care is intended to provide support to those who need assistance due to severe cognitive impairment, or help completing Activities of Daily Living (ADLs) like eating or bathing. Our LTC care solutions can help you pay for almost any level of care, ranging from local care during the day to more specialized support:

- Home health care
- Assisted living
- Nursing home
- Adult day care
- Hospice

OneAmerica Care Solutions guarantees:

- *Premiums never increase*
- *Benefits never decrease*
- *Assets grow at a guaranteed rate*
- *Death benefits are available if not used for LTC*
- *The option to have your premium returned*

It's true that the whole life-based OneAmerica Care Solutions offers guarantees that traditional long term care insurance simply cannot.

Traditional long-term care insurance doesn't feature cash value, a death benefit or a way to get your money back. And many of these products have seen significant change in the past few years, from unexpected premium increases to carriers leaving the market altogether.

You can be confident that OneAmerica Care Solutions is stable, predictable and guaranteed.

Be prepared

Shortly after retiring, Harry was in a serious car accident that left him unable to function as he did before. But Harry received quality care with the assistance of a home health aide because he and his wife had discussed their care preferences when they purchased protection. His family knew where he would receive care and how they were going to pay for it.

- **Reduced stress:** Harry reduced his family's stress because the funds were already in place to pay for a home health aide.
- **Control:** He was able to receive care in his home, which is where he wanted to be.

Understanding your options

Everyone is unique, and each person's situations and needs are unique, too. Care Solutions can be tailored to complement these differences with benefits to address any circumstances that life may throw your way.

Working together

Your trusted financial professional can help you understand and determine your needs, and recommend a path forward by explaining your options and helping you customize acceptable protection for yourself and your family.

Funding options

OneAmerica Care Solutions works by leveraging your existing assets in tax-advantaged ways. Funding options can include:

- Current income
- Existing assets like 401ks, CDs, IRAs
- Some qualified money

There are even payment options to fit your budget with premiums that are guaranteed to never increase.

Optional lifetime benefits

Long-term care needs can be unpredictable, so we offer a Long-Term Care Benefits Continuation Rider to ensure you and your family remain covered after your base policy runs out, with premiums that are guaranteed to never increase. This protection can cover an LTC need for a lifetime instead of just a few years.

Be protected

Maria lost her husband after a brief illness. Because he never needed long-term care services, their shared benefit pool remains intact. Thanks to their joint life policy, Maria still has access to LTC benefits if she ever needs them. If not, those assets can pass on to her kids and grandkids.

- **Joint protection:** Maria was comforted by her joint protection because it would protect her if she ever needed care.
- **Leave a legacy:** And if not, she could pass those assets to her heirs.
