### LONG-TERM CARE PLANNING

Projection of Values

# **Product overview**

## MoneyGuard Fixed Advantage<sup>®</sup> is a powerful solution designed to provide:

### Guaranteed, income tax-free long-term care benefits<sup>1</sup>

Protect your income, legacy and loved ones with a dedicated, tax-efficient funding source for long-term care expenses.<sup>2</sup>

### Flexibility

Access a broad range of covered services with no elimination period to support changing care needs, including in-home care, cash benefits to compensate caregivers or family members, and have the option to pass on benefits.

### **Care resources & services**

Benefit from dedicated support from a company with decades of claims-paying expertise to make the process as seamless as possible for you and/or your caregiver.

### Legacy protection

Leave a meaningful legacy, if care is not needed, through an income tax-free death benefit.<sup>3</sup>

MoneyGuard Fixed Advantage® is a universal life insurance policy with a long-term care (LTC) rider for qualified long-term care expenses.

<sup>1.</sup> Assuming all premiums are paid on-time, no post-issue loans, withdrawals increases or decreases.

<sup>2</sup> LTC reimbursements are generally paid income tax-free under Internal Revenue Code Section 104(a)(3).

<sup>3</sup> Beneficiaries may receive an income tax-free death benefit under IRC Section 101(a)(1).

This is a Projection of Values for Lincoln *MoneyGuard Fixed Advantage*<sup>®</sup> which is an Individual Flexible Premium Adjustable Life Insurance policy issued by The Lincoln National Life Insurance Company, Fort Wayne, IN on Policy Form **ICC19-MG890**, with a Long-Term Care Benefits Rider (LTCBR) on Rider Form **ICC19LTCBR-890**, a Terminal Illness Acceleration of Death Benefit Rider on Form **ICC19TIR-891**, a Benefit Transfer Rider on Form **ICC19BTR-894**, and a Value Protection Endorsement on Form **ICC19END-10534**.

<sup>1.</sup> Projection values based on guaranteed policy charges and guaranteed minimum credited rate. No-Lapse Protection provided by the Value Protection Endorsement. This projection assumes all planned premiums paid on due date.

<sup>2</sup> Total benefit limits for reimbursement of Qualified Long-Term Care Services. These values assume the monthly maximum is used for the entire duration selected and the Long-Term Care value will continue to increase on each policy anniversary as a result of the inflation option chosen. The monthly benefit shown is the amount available for the first 12 months of care.

<sup>3.</sup> The amount paid on surrender reflects any Return of Premium.

<sup>4.</sup> Internal Rate of Return on the Death Benefit Amount.

5. Internal Rate of Return on the Total LTC Benefits.

Valued Client, 55 year-old Female in Michigan with a "Couples Discount" underwriting class and 6-year minimum LTC duration

# How your policy works

Valued Client, 55 year-old Female in Michigan with a "Couples Discount" underwriting class and 6-year minimum LTC duration

## Tailored to match your lifestyle

In-home care If you prefer to have assistance in your home

#### **Assisted living**

If you choose to downsize and prefer a social atmosphere

#### Alternative care services<sup>1</sup>

For care needs not covered by traditional services or options that may evolve in the future

#### **Respite care**

Lets you access short-term services to relieve your primary caregiver

#### **Caregiver training and care planning services**<sup>2</sup> Lets you further customize your plan

#### **Nursing home**

If you need more skilled care services

Additional care options include non-continual services, adult day care, hospice and bed reservation.

Most long-term care needs do not relate to medical care aid, but rather assistance with the Activities of Daily Living (ADL):

Se Eating	Dressing
e Bathing	Toileting
	Continence

Long-term care solutions help cover expenses if you lose the ability to independently perform at least two Activities of Daily Living for at least 90 days, or if you require substantial supervision due to severe cognitive impairment.

Keep in mind that long-term care events happen to loved ones, not just a person. Take control, protect your legacy, and build tax efficiency into your portfolio.

Qualified long-term care services that are not covered under any other provision but are prescribed in the care plan that a licensed health care practitioner and Lincoln mutually agree are appropriate to meet the insured's long-term care needs, could be considered for reimbursement. These services must be provided as an alternative to services otherwise covered.
 Lifetime caregiver training benefit limit is \$500.

# Tax status

Valued Client, 55 year-old Female in Michigan with a "Couples Discount" underwriting class and 6-year minimum LTC duration

The *MoneyGuard Fixed Advantage*<sup>®</sup> Death Benefit is generally received by the beneficiary income tax-free under Section 101(a) (1) of the Internal Revenue Code (IRC) and the Long-Term Care benefits paid are not includable in the policy owner's gross income under IRC Section 104(a) (3). While the policy is in-force, the interest earnings credited to the policy's Gross Cash Value are not includable in the owner's gross income.

Based on our understanding of applicable law, the projected policy is a Modified Endowment Contract (MEC) as defined in IRC Section 7702A. Distributions from a MEC may be subject to income tax, and an additional 10% federal income tax penalty applies to taxable distributions received before the policy owner reaches age 59 1/2.

The Pension Protection Act of 2006 (PPA) changed the tax treatment of your *MoneyGuard*<sup>®</sup> policy effective January 1, 2010. Based on our understanding and analysis of the PPA:

- Qualified Long-Term Care Rider charges will continue to be treated as distributions from your policy, but Lincoln will not report the distributions as taxable (even if your policy is a MEC).
- Qualified Long-Term Care Rider charges will reduce the investment in the contract (cost basis), but not below zero, as the charges are taken from your policy.
- Once the investment in the contract has been reduced to zero, distributions for Qualified Long-Term Care Rider charges will come from any gain in the contract (but will still not be reported as taxable distributions). You will receive a 1099-R form for the charges, but the charges are not reported as taxable.

Please note that the state income tax laws in certain states may not conform to the federal income tax treatment of the Qualified Long-Term Care Rider charges described above. In such states, the charges may be treated as taxable distributions from the policy for state income tax purposes. However, the federal income tax treatment described above will continue to apply to such charges.

It is important to remember that these rider charges now and in the future impact the policy's investment in the contract. In the event any other financial transaction is requested, the investment in the contract is used in determining if that transaction creates a taxable event. As previously noted, the investment in the contract is reduced as a result of these rider charges. The full surrender of the policy may result in a taxable event and the owner should consult his/her personal tax professional regarding this and other applicable tax matters.

Lincoln Financial Group<sup>®</sup> affiliates, their distributors, and their respective employees, representatives and/or insurance agents do not provide tax, accounting or legal advice. Clients should consult their own independent professional as to any tax, accounting or legal statements made herein.

This projection of values is neither a contract nor an offer to contract. A full description of the policy provisions and limitations is included in the policy itself and any applicable riders.

The applicant certifies the following: 1) I have received a copy of this Projection of Values, 2) I have reviewed the Modified Endowment Contract disclosure statement above and understand that the proposed plan of insurance would be a Modified Endowment Contract subject to special tax treatment, 3) I have been advised to consult with my own tax professional regarding the tax effects of the projected policy, its valuation, as well as the potential tax impact on surrender under the Return of Premium Provision and 4) I have received a copy of an Outline of Coverage.

## Policy features, benefits and definitions

Valued Client, 55 year-old Female in Michigan with a "Couples Discount" underwriting class and 6-year minimum LTC duration

#### Year

The policy year beginning with the effective date of the policy.

#### Age

The insured's age at the beginning of the policy year shown.

#### **Benefit Transfer Rider**

Provides for the potential to add benefits for this policy using Death Claim dollars from a different policy. Also allows for the Death Claim dollars from this policy to add additional benefits on a different policy. In order to utilize this feature, both policies must include the Benefit Transfer Rider, in addition to insured and beneficiary designations aligning between the two policies.

#### **Flex Care Cash**

Provides receipt-free cash for care needs. Up to 50% of the maximum daily LTC benefit is available. Benefit is available until specified amount is reduced to \$0 due to claims, withdrawals or reductions. Please see the policy for more information.

#### **No-lapse Guarantee**

This feature guarantees that your policy will not lapse if the no-lapse premium test is satisfied. The no-lapse guarantee is provided through the Value Protection Endorsement (VPE).

#### **Specified Amount of Death Benefit**

The minimum amount of death benefit and the basis of the LTCBR and Endorsement benefits. Long-term care reimbursements reduce the Specified Amount of death benefit on a dollar-for-dollar basis.

#### **Residual Death Benefit**

Death Benefit paid after benefits have been exhausted as defined in your policy.

#### **Internal Rate of Return**

The Internal Rate of Return is the rate at which outlays (premiums) up to that year must be compounded each year to generate the death benefit or LTC benefits shown. For this calculation, all outlays are assumed to occur at the beginning of the year with the death benefit or LTC benefits occurring at the end of the year.

### Benefit eligibility

When you contact our claims department to file a claim, we will request an assessment to be performed by a licensed health care practitioner to determine your benefit eligibility. If we provide the assessor, it will be provided at our expense. We may also choose to accept the assessment of your licensed health care practitioner. To be eligible for benefits, the licensed health care practitioner who performs the assessment must certify that you are chronically ill and unable to perform at least two activities of daily living (bathing, continence, dressing, eating, toileting, and transferring) for at least 90 days.

You are also considered chronically ill if you require substantial supervision to protect you from threats to health and safety caused by severe cognitive impairment. Recertification of your benefit eligibility is required at least annually.
