LTC benefits will never go down unless you choose to make changes to your policy, such as taking loans or partial surrenders from the policy or not paying scheduled premiums.

The benefits of your linked-benefit policy

Linked-benefit policies guarantee:

A premium that will never change

LTC benefits that will never go down⁶

A death benefit if you do not use your LTC benefit

What helps set apart CareMatters Together

- ▶ Cost-effective coverage for two people, with a flexible shared pool of benefits
- ▶ Cash indemnity:
 - Clients may elect to receive up to 100% of their available monthly cash benefit
 - There's no need to submit monthly bills or receipts once the claim has been approved
 - 100% of the benefits can be used to pay for informal care⁷
 - Nationwide places no restrictions on how the benefit is used
- ▶ Upon completion of the elimination period, benefits for the first 90 days will be paid retroactively along with benefits for month 4
- ▶ A guaranteed death benefit even if all LTC benefits have been paid
- ▶ International benefits (see key terms and definitions for details)
- ▶ Potential tax advantages because of separately identifiable LTC and life insurance premiums

⁶ LTC benefits paid from a MEC policy receive the same tax advantages as LTC benefits paid from a non-MEC policy. These LTC benefits are tax free subject to Internal Revenue Code limits.

⁷ The plan of care provided by a U.S.-licensed health care provider must state that informal care is appropriate.

How CareMatters Together works

Guaranteed premium: Single Premium \$130,791

Monthly LTC Benefit day 1 of \$6,000 and \$16,883 when older insured is age 80

Upon completion of the elimination period, benefits for the first 90 days will be paid retroactively along with benefits for month 4.

For example, at age 80 of the older insured, the first benefit payment received after completion of the 90-calendar-day elimination period will total \$67,533 (which is **4 x \$16,883**) because of the retroactive payment.

This scenario assumes that all premiums have been paid; no loans, partial surrenders or LTC benefits have been taken; and the full monthly LTC benefit is paid.

Your policy guarantees

Guaranteed premium: Single Premium \$130,791

Guaranteed LTC benefits
if you ever need care

A \$6,000 total monthly LTC benefit per insured benefit in year 1

A \$16,883 total monthly LTC benefit per insured, when the older insured is age 80

Guaranteed death benefit,
even if you use some or all of your LTC benefit

A \$216,000 guaranteed death benefit if neither of you ever need care

A guaranteed minimum death benefit of \$21,600, even if you use 100% of your LTC benefits

Guaranteed money back
if you ever cancel the policy

Year 20: \$84,683 total received on surrender

Year 30: \$119,927 total received on surrender

Guaranteed paid-up benefits

Year 1: \$6,000 monthly LTC benefit per insured
\$640,248 total LTC benefit

All these numbers represent end-of-the-year values and assume you've continued to pay your premium as scheduled and haven't taken any loans or partial surrenders.

*To be paid any Monthly Inflation Rider Benefit in any given month, you must elect to take the full Maximum Monthly LTC Benefit. Any Monthly Inflation Rider Benefit you choose not to take in a given month will be forfeited. Should you have a temporary claim that ends prior to the exhaustion of the policy, your Monthly Inflation Protection Rider benefit will continue to increase.

**The amounts shown in this column are cumulative and assume LTC benefits begin to be paid for one insured in that policy year and continue for the 96 maximum full monthly LTC benefit payments you elected. For example, if a claim starts at the beginning of policy year 11, the total benefit, \$860,440, is what will be paid over the 96 payments.

* To be paid any Monthly Inflation Rider Benefit in any given month, you must elect to take the full Maximum Monthly LTC Benefit. Any Monthly Inflation Rider Benefit you choose not to take in a given month will be forfeited. Should you have a temporary claim that ends prior to the exhaustion of the policy, your Monthly Inflation Protection Rider benefit will continue to increase.

** The amounts shown in this column are cumulative and assume LTC benefits begin to be paid for one insured in that policy year and continue for the maximum number of full monthly LTC benefit payments for this row.

*** The Inflation Crossover Age of Older Insured is the age that the Total Monthly Benefit Per Insured is equal to or greater than the Max Monthly LTC Benefit Per Insured with no inflation added.

Key terms and definitions

<p>Scheduled Premium</p>	<p>The amount of Life Insurance Premium and LTC Premium required on the first day of the Premium Payment Frequency for the Premium Payment Period you selected. As long as the premium obligation is met and no loans or partial surrenders are taken, the quoted benefits are guaranteed. For any scheduled premium after the first, there will be a 61-day grace period after the date we mail the grace period notice in which to make the premium payment.</p>
<p>Specified Amount</p>	<p>An amount used to determine LTC benefits and the death benefits. It is also used to determine policy charges and deductions from the Accumulated Value. The Specified Amount is not always the same amount as the Net Death Benefit. Please refer to the Net Death Benefit description below or to the tabular detail.</p>
<p>Maximum number of full monthly LTC benefit payments</p>	<p>This represents the lifetime maximum number of full benefit payments that could be paid from the LTC Rider and LTC Extension of Benefits Rider if every payment is for the maximum monthly amount available by the terms of the riders. If both insureds are eligible for benefits at the same time, two LTC benefit payments can be made in the same month.</p>
<p>Lifetime maximum amount of LTC benefits payable</p>	<p>The available lifetime maximum LTC benefit amount is the maximum monthly LTC benefit dollar amount paid over the maximum number of full monthly LTC benefit payments you select at issue. Once all LTC benefits have been paid, no further LTC benefits will be available. However, the guaranteed minimum death benefit will be paid to beneficiaries on the death of the second insured. The lifetime maximum of LTC benefits and any death benefit will decrease if you choose to make changes to your policy, such as taking loans or partial surrenders from the policy or not paying scheduled premiums.</p>
<p>Inflation protection options</p>	<p>Nationwide CareMatters Together offers inflation protection options of 3% compounded annually for 20 years, 3% compounded annually for life, or 5% compounded annually for life. The monthly LTC Fixed Rate Inflation Protection Rider amount is in addition to the maximum monthly LTC Benefit amount provided by the LTC Rider or the LTC Extension of Benefits Rider, if elected.</p>
<p>Maximum Monthly LTC Benefit per Insured</p>	<p>The maximum monthly benefit available for each insured for whom a claim is being paid under the LTC Rider and LTC Extension of Benefits Rider</p>
<p>Maximum Monthly Inflation Rider Benefit per Insured</p>	<p>The full amount of the benefit available under the inflation protection option after the Maximum Monthly LTC Benefit is taken. This amount is in addition to the Maximum Monthly LTC Benefit per insured.</p>

Key terms and definitions

Total monthly benefit per Insured	The total benefit amount available every month per insured. If an inflation protection option is elected, the total monthly benefit payable per insured will be the Maximum Monthly LTC Benefit per insured plus the Maximum Monthly Inflation Benefit per Insured. Any Monthly Inflation Rider Benefit you choose not to take in a given month will be forfeited.
Cash Value	The amount equal to the greater of the Accumulated Value of this policy or the Guaranteed Cash Value.
Total received on surrender	The greater of: 1. The guaranteed cash value OR 2. The accumulated value minus surrender charges Minus any policy indebtedness, unpaid charges and LTC benefits paid.
Net Death Benefit	The death benefit amount that will be paid to your beneficiary if the insured dies while the policy is in force. This amount is net of any outstanding policy indebtedness and LTC benefits paid. The Net Death Benefit may be higher in some years based on the Specified Amount, Accumulated Value, Guaranteed Cash Value and IRC 7702 corridor factors.
Guaranteed minimum death benefit	We guarantee we will pay your beneficiaries a death benefit of 10% of the Specified Amount, adjusted for any indebtedness.
Waiver of Premium	For all payment options, life and LTC premiums will be waived while LTC benefits are being paid. If the insured recovers, the policy owner will need to resume the scheduled premium.
Reduced paid-up benefit	If a lapse occurs prior to an LTC claim due to failure to pay scheduled premium, the policy will be converted to a paid-up policy in which the Specified Amount is reduced based on the percentage of the total required premium that has been paid.

Nationwide CareMatters TogetherSM

All guarantees and benefits of the insurance policy are backed by the claims-paying ability of the issuing insurance company. Policy guarantees and benefits are not backed by the broker/dealer and/or insurance agency selling the policy, nor by any of their affiliates, and none of them make any representations or guarantees regarding the claims-paying ability of the issuing insurance company.

Nationwide CareMatters Together is a cash indemnity product that pays LTC benefits when one or both of the insured persons are certified to have a qualifying condition and a need for LTC services. Bills and receipts showing actual expenses do not have to be submitted for payment of benefits once a claim has been approved. Each year, the policyowner can receive, tax free, the greater of the HIPAA per diem amount or actual LTC costs incurred. However, benefits may be taxable under certain circumstances. You should consult with your tax and legal advisors about your specific situation.

Keep in mind that the payment of Long-Term Care Rider benefits, as an acceleration of the death benefit, will reduce both the death benefit and net surrender value of the policy. Additionally, loans and withdrawals will also reduce both the net surrender value and the death benefit. Care should be taken to make sure that life insurance needs continue to be met even if the rider pays out in full or after money is taken from the policy. There is no guarantee that the rider will cover the entire cost for all of the insureds' long-term care, as this may vary with the needs of each insured. One of the insureds may exhaust the entire long-term care benefit. Nationwide pays the long-term care benefit to the policyowner; there is no guarantee the policyowner will use the benefit for long-term care expenses if the policy is owned by someone other than the insured.

The policy this rider is attached to is noncancelable. This means that the policyowner has the right, subject to the terms of your policy, to continue the policy, provided they pay the scheduled premium on time. Nationwide cannot change any of the terms of the policy on its own and cannot change the scheduled premium.

When choosing a product, make sure that life insurance and long-term care insurance needs are met. CareMatters Together is not intended to be a primary source of life insurance protection, so make sure life insurance needs have been covered by appropriate products. Life insurance, and long-term care coverage linked to life insurance, may have fees and charges associated with it that include the costs of insurance, which vary based on characteristics of each insured such as sex, tobacco use, health and age, and additional charges for riders that customize a policy to fit individual needs.
